ARTINFOINDIA.COM, an organization dedicated to the field of Visual Arts in India is based in Gurgaon- Haryana. It has been managed by a team of artists and professionals and been actively promoting art in its original form. We have been active in organizing various art events as exhibitions, workshops, projects and ardently working to bring awareness among young children and youth through programs like children workshops and competitions. We have recently hosted the 3rd All India Art Competition for School Children 'PEACOCK-The National Bird' to highlight the environmental issues through paintings and drawings. This is a one of its kind opportunity to discover the latent talent of budding and upcoming generation through their sincere and creative thoughts about environment.

We also try to bring forth the various issues and problems of our environment and society through the medium of art. Our organization also diversifies in providing information on various allied services like listing of Art Events / Exhibitions, Art Galleries, Auction Houses, Art Schools / Institutes, NGOs, Online Services / Websites, Art Publications / Books, Artists and Art News etc. We also organize camps, workshops, lectures and give Awards / Scholarships in the field of art short listed by eminent jury of the respective field.

This show 'Contemporary Portrait Art Exhibition' reveals aesthetic emotions and cognitive state of mind of an artist be it a painter, a sculptor or a photographer.

Portrait art existed throughout the ages as documenting the existence of man after death. However, portrait painting is reduced to great extent by the invention of Camera. With the passage of time photography is also considered as visual form of art.

The present exhibition is curretted with the motive to show the creative qualities of portrait artists of various streams who have infused aesthetic expression in their art.
