ARTINFOINDIA.COM is glad to announce **Tiger - The National Animal** as theme for **5th All India Art Competition for School Children**. This is to depict our love and concern for Tiger - The National Animal through paintings and drawings. This is a one of its kind opportunity to discover the latent talent of budding and upcoming generation through their sincere and creative thoughts about nation.

Our sole aim is to sensitize/motivate/educate young and budding children through art towards the importance of our National Symbols.

Why is TIGER the national animal of India?

The tiger was adopted as the National Animal by the Indian Board for Wildlife in 1972 in place of the lion. It was selected as a national animal because of its presence in larger parts of the country. It is found in 16 states while the lion is found only in one state also because of the worldwide importance of the animal and the need to protect it. Tiger as the National Animal of India symbolizes the Power, Strength, Elegance, Alertness, Intelligence and Endurance of the Nation. Tiger has also been long part of Indian mythology and folklore.
